MATERIAL SAFETY DATA SHEET

Emergency and information Telephone: 573.334.5236
Fax – 573.334.8911
Information:
P.O. Box 1210
4614 Nash Road
Cape Girardeau, MO 63702-1210

SECTION I -- PRODUCT IDENTIFICATION

PRODUCT NAME: Sponge Rubber Carpet Cushion
CAS No: Article

SECTION II -- HAZARDOUS INGREDIENTS

Hazardous Component OSHA PEL ACGIH TLV %
None

SECTION III -- PHYSICAL DATA

Appearance:
Solid, cellular rubber material, flexible, produced in various colors and manufactured with a flat or waffle-type surface pattern. May be reinforced with a non-woven fabric made with spun-bonded nylon or polyester.

Weight Range: 40 oz/sq. yd to 125 oz/sq. yd

SECTION IV -- FIRE AND EXPLOSION HAZARD DATA

Auto Ignition Temperature: >600 deg F HMIS: 1 or NFPA: 1
Flammability:

Product can ignite if exposed to temperatures exceeding 600o F and should be stored away from areas such as those with open flames, welding or flame cutting operations.

Fire Extinguishing Media:
Water spray, ABC dry powder and protein foams for fires beyond the incipient level, self contained breathing apparatus and appropriate fire department turnout gear must be used.

Unusual Fire and Explosion Hazards:
If ignited, product may readily burn, producing intense heat, consuming oxygen at a high rate, and producing dense smoke and toxic gases.

Special Fire Fighting Procedures:
Wear Self-contained breathing apparatus and full turnout gear.
SECTION V -- HEALTH HAZARD DATA

Sponge rubber carpet cushion does not meet the definition of an OSHA health hazard per 29CFR 1910.1200. HMIS: 0 or NFPA: 0

SECTION VI -- REACTIVITY DATA

Thermal Stability: Stable HMIS: 0 or NFPA: 0
Incompatibility:

Methyl Bromite (a product which may be used in home fumigation) will deteriorate sponge rubber and foam rubber. Strong solvents, acids and alkalis will deteriorate sponge rubber.

SECTION VII -- SPILL OR LEAK PROCEDURES

Steps to be taken for clean-up: Pick, sweep, or vacuum up any scrap.
Waste Disposal: Conform to local, state, and federal regulations.

SECTION VIII -- REGULATORY

Section 311/312 -- Reportable Materials: None
Section 313 -- Supplier Notification: This product contains the following toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR 372:
Cas # Chemical Name Percent by Weight
None

STATE RIGHT-TO-KNOW:
This product contains no significant levels of listed substances which the State of California has found to cause cancer, birth defects, or other reproductive harm, which would require a warning under the statute. This product is considered an "article: under the OSHA Hazard Communication Standard and the WHMIS Canadian Legislation.

SECTION IX -- SAFE HANDLING AND USE INFORMATION

Storage:
Store away from open flames, welding or flame cutting operations.
Waste Disposal Method:
Dispose as a non-hazardous waste in accordance with all federal, state and local regulations.
Other Precautions:
None required under conditions of actual use.
SECTION X --- WARNING

If product is ignited, serious personal injury or death can result from extreme heat, rapid oxygen depletion and production of toxic gases. Product may smolder, burn, and generates smoke and toxic gases which may lead to confusion, incapacitation or even death. Distributors, dealers and other parties in the distribution process of the product must consider their particular business operations. You must take appropriate precautions in the handling, storage and use of this product. The foregoing warning must be passed on to the ultimate user informing them of the possible hazards of this material. The information supplied herein is presented in good faith and believed to be accurate to the knowledge of Leggett & Platt, Inc./Urethanes Division. However, since conditions of use are beyond our control, we make no warranties, expressed or implied, as to the use of this information or fitness of this product for a particular purpose.
